Specific procedures have been established for allowing a head covering to be worn for medical or religious reasons. A player who is required to wear a head covering for medical or religious reasons must provide a physician’s statement or appropriate documented evident to the state association for approval. If approved, the state association shall provide written authorization to the school to be made available to officials. States are at liberty to determine the system for approval that works best in that state.

- NOTE: Schools are reminded athletes should have this PRIOR to games.

11. NFHS Basketball Rules Changes: 2025-26

4-22-1 & 2: This change removes the offensive team from goaltending violations, simplifying enforcement for officials and reducing ambiguity over whether a ball was a shot or a pass. It also encourages more scoring opportunities and minimizes confusion for players and coaches.

Rationale: The change eliminates the possibility of an offensive goaltending violation, which simplifies the rule for officials and players. It removes the need to judge whether a ball in flight is a try or a pass, resulting in clearer enforcement, greater consistency, and more opportunities for scoring plays near the basket.

4-22-3 (NEW): This rule change establishes that once the ball contacts the backboard, it is automatically considered to be on its downward flight. Therefore, if a player touches the ball after it hits the backboard, and the ball has a possibility of entering the basket, it is ruled as goaltending.

This clarification helps protect legitimate shot attempts, reduces rough rebounding situations, and addresses a common rules misconception among coaches and players. It provides officials with a clearer standard for enforcing goaltending in backboard-related plays.

Rationale: This change enhances officiating clarity and protects legitimate shot attempts. It also addresses a common misconception among coaches and players by explicitly defining goaltending, leading to more consistent enforcement.

4-34-1: This rule change updates the definition of a player to clarify that a player is one of the five team members legally on the court at any given time, except during time-outs or intermissions.

The change ensures consistency in rule enforcement by recognizing that it is difficult to distinguish between players, substitutes, and bench personnel during time-outs and intermissions. This clarification also supports the accountability of coaches for all team conduct during these periods and helps avoid misapplication of penalties such as technical fouls.

Rationale: This change ensures consistent enforcement of penalties for unsporting conduct by bench personnel. It allows officials to issue technical fouls to bench personnel during time-outs, aligning with the current rules for intermissions. It eliminates confusion and potential misapplication of rules and ensures fair and consistent enforcement of penalties for unsporting behavior, regardless of the individual's role.

7-5-4: This rule change updates the procedure for determining the designated throw-in spot following a stoppage of play (not due to the ball going out of bounds) in the frontcourt. Instead of relying on an imaginary line, officials now use existing court markings, specifically the three-point line, to determine the location. This change improves accuracy, consistency, and clarity for officials by using visible floor markings rather than imaginary lines, which were often misjudged.

Rationale: By using the visible three-point line as the line of demarcation, officials will have a clearer and more consistent method for determining throw-in locations. This improves accuracy and reduces confusion, resulting in more reliable throw-ins.

9-2-12 & 9-3-4 (NEW): This rule change addresses situations where a thrower purposely and/or deceitfully delays returning inbounds after legally stepping out of bounds and then becomes the first player to touch the ball upon re-entering the court. Previously penalized as a technical foul, this action is now treated as a violation, aligning it with similar out-of-bounds scenarios. The change reduces the severity of the penalty to encourage more consistent enforcement by officials and prevents players from gaining an unfair advantage through deceptive re-entry tactics.

Rationale: This change lessens the penalty for players who delay their return after being out of bounds, shifting the penalty from a technical foul to a less severe violation. This rule aligns with the penalty structure of similar violations, such as Rule 9-3-3 (where a player steps out of bounds on their own volition). The change is intended to make it easier for officials to recognize and penalize these actions consistently while reducing the severity of the penalty, encouraging more accurate enforcement.

10-4-4b: This rule prohibits players from illegally contacting the backboard or ring in ways that create an unfair advantage or interfere with a scoring attempt. This rule is designed to maintain fair play and protect the integrity of scoring opportunities by penalizing actions affecting the outcome of a shot, with a technical foul.

Rationale: The rule change aims to standardize and clarify the enforcement of basket interference, leading to fairer outcomes and more consistent officiating. The removal of subjective judgments around intent allows for clearer rulings and better alignment with current game dynamics.

4-6-1a & b (NEW): This rule change clarifies and expands the definition of basket interference to include additional actions that unfairly affect the ball while it is in a scoring position. Basket interference now occurs when a player slaps or strikes the backboard, causing the backboard or basket to vibrate, while the ball is on or within the basket, touching the backboard, or within the cylinder.

Rationale: This clarification helps officials consistently identify interference that affects scoring plays and ensures the integrity of the basket area during shot attempts.

Officials duly registered with the NHIAA will officiate at all games. The Basketball Committee will assign officials to tournament games. Officials must officiate a minimum of ten (10) regular season varsity games in order to be considered eligible for initial selection to officiate tournament games. Discretion of the supervisor can be utilized if less than 10 games officiated along with approval of the basketball chair.

***Coaches are encouraged to contact their Athletic Director in regard to the officials feedback form.**

12. RADIO/TELEVISION BROADCASTING:

Sponsors of telecasts must not be persons or businesses involved with tobacco and alcoholic beverages and related products.

Regular Season Events: There is no NHIAA jurisdiction over regular season telecasting of high school athletic competition.

Tournament Events: For tournament events held at the site of the higher seeded team, the Athletic Director or Game Director is to be contacted directly to make the necessary broadcasting arrangements. When games are held at neutral sites, a list of appropriate contact persons will be provided. No NHIAA tournament event may be televised "live" unless under contract with the Association. The NHIAA has the current listing of the tournament events to be televised "live" under contract for the current year.

Cablevision stations will not be allowed to broadcast during contracted "live" broadcast, but may purchase the broadcast directly from the station for a fee of \$150.00. Cablevision broadcast fees for tape delayed broadcast are set at \$100 for all events other than the stipulation above. There is no fee for a non-commercial broadcast by a member school owned and operated, non-profit television station and for public access, non-commercial, non-profit community access television stations.

The following rules apply for stations covering tournament events for newscast programs:

- A. There is no fee for such televising.
- B. There may not be live coverage of any kind during game or meet action. "Live coverage" is defined as any activity, which occurs while a game, or meet is in progress. Stations may use a backdrop of live action for reporters from a tournament facility provided there is not play-by-play commentary and the report is limited to one (1) regularly scheduled news or sports program and two (2) no more than five (5) minutes of a program which is 30 minutes or less in length.
- C. Use of film, videotape, etc., is limited to regularly scheduled news or sports programs, and use on such programs is limited to no more than five minutes of a program which is 30 minutes in length. Unless written approval is received from the NHIAA, use of more than five minutes of film, videotape, etc., beyond five days from the last day of a tournament is prohibited outside of regularly scheduled news and sports broadcasts.

13. SPORTSMANSHIP TAUNTING:

Taunting in all sports is a flagrant unsportsmanlike foul which shall result in the ejection of the participant from that day of competition, plus the next day of scheduled competition.

Taunting is defined as:

"Any actions or comments by coaches, players, or other game personnel which are intended to bait, anger, embarrass, ridicule, or demean others, whether or not the deeds or words are vulgar or racist. Included is contact that berates, needles, intimidates, or threatens based on race, gender, ethnic origin or background, and conduct that attacks religious beliefs, size, economic status, speech, family, special needs, or personal matters."

Examples of taunting that would lead to ejection include, but are not limited to "trash talk", physical intimidation outside the spirit of the game, reference to sexual orientation; "in the face" confrontations by one player to another; standing over/straddling a tackled or fallen player.

NOTE: This policy reinforces the responsibility of game officials, site managers, and game directors during regular season and NHIAA Tournament play.

Every administrator and coach whose school participates in a tournament is charged with the important role of teaching the highest principles and standards of behavior. The school administration should never overlook any opportunity to remind and emphasize, tactfully, the need and value of proper respect of the opponents with regard to their organized cheering activities and any banners or placards which they might display, the decisions of the game officials, and the importance of desirable and proper conduct both at home and away. Every Administrator and coach should hold in mind that every coach must rely on the conduct and sportsmanship of the students and spectators from all schools. Your influence and prompting will be reflected by the action of your followers.

We are sure that you concur with the Basketball Committee in its belief that tournament coaches to promote the highest principles of sportsmanship in tournament games should exert considerable effort. You are urged to give the officials your utmost cooperation in helping them to keep rowdiness and unsportsmanship to a minimum, or if there are some who desire to view the games while under the influence of intoxicating beverages, they will be evicted from the gymnasium.

Any school participating in an NHIAA Tournament contest shall appoint a school designated adult representative to be in attendance at the tournament. The designated representative shall be appointed by the Principal and shall not be the coach for that sport. The designated school representative must identify himself/herself to the game director upon arrival at the tournament event. He/she shall be available throughout the event with the responsibility of identifying and assisting the game director when corrective action is necessary to control incidents of poor sportsmanship involving their school.

14. MEDIA:

Media (print and electronic) have been issued "media" passes to all tournament events. Electronic media, (radio, television, cable television) are to sign-in with the press gate supervisor at all events.

15. SCORER'S NOTIFICATION OF "BONUS":

The bonus is the two free throws awarded for a common foul (except a player-control or team-control foul) as follows:

- a. Beginning with a team's fifth foul in each quarter, two free throws are awarded, regardless of whether or not the first free throw is successful.
- b. Team fouls will be reset to zero at the end of each quarter.

Scorers must understand this rule and consequently convey the information to the officials. If an error is made in awarding the correct number of free throws, it may be corrected within the limits allowed in NFHS Rule 2-11.

16. MEDICAL COVERAGE AT ATHLETIC EVENTS (By-Law Article III, Sect. 1):

The importance of the long-range safety of high school athletes cannot be overstated. Consequently, the NHIAA and its member schools will favor medical safety over any other countervailing concerns including competitive advantage. Every high school in New Hampshire must make provisions for

licensed medical personnel at all practices and contests. The types of provisions that are acceptable are (the provisions are in alphabetical order, not preferential order):

- A. Athletic Trainer
- B. Board Certified Sports Physical Therapist
- C. Emergency Medical Technician
- D. Nurse
- E. Nurse Practitioner
- F. Physician
- G. Physician Assistant
- H. Systems developed to call medical personnel to the site of the athletic event

At the athletic competitions where medical coverage is either provided or mandated by the NHIAA, injuries sustained by athletes will be evaluated by the designated medical personnel. The clearance to re-enter competition after an injury will be made by the designated medical personnel only. Absent unanimous agreement between the designated medical personnel to allow continued participation, an injured player will not be allowed to return to the game. Their decision is final and cannot be overturned by the coach, coaching staff, parents/guardians, or any non-designated personnel.

When the NHIAA provides qualified medical personnel and member schools also provide qualified medical personnel, it is expressly understood that the NHIAA provider shall defer to the school designated qualified medical personnel if requested. If the member school does not provide qualified medical personnel or if no deferral is requested, the NHIAA provider will act as the designated medical personnel.

In choosing who should act as the designated medical personnel, all medical personnel are expected to act in the best interests of the student athletes and participate to the extent that his or her expertise will increase the quality of the care delivered. Prior to the start of the event the NHIAA assigned medical personnel, in conjunction with the designated site manager, should review this requirement and determine the procedures/chain of command to be identified during the event to ensure compliance with the provisions stated in this By-Law.

Note: Student trainers, high school or college, cannot be used to meet the provisions of this By-Law.

17. BLOOD SPILLAGE AND BODY FLUIDS:

The NHIAA Sports Medicine Committee suggests that each school develop a local policy in cooperation with their local medical personnel, on how to handle blood spillage.

Housekeeping Procedures for Blood and Body Fluids

Disposable latex gloves should be worn to avoid contamination of the hands of the person cleaning spillages involving blood or other body fluids and secretions. Persons involved in cleaning contaminated surfaces should avoid exposure of open skin lesions or mucous membranes to blood or body fluids. A freshly prepared solution of dilute household bleach (one quarter cup of bleach diluted in one gallon of water) or other disinfectant labeled as *virucidal*, *Tuberculocidal*, *staphylocidal* is useful. Allow the disinfectant to stand wet for a minimum of one minute to start killing pathogens and disinfecting the area (10 minutes of disinfection time guarantees surface sterility). Whenever possible, disposable towels, tissues, and gloves should be used and properly discarded and mops should be rinsed in disinfectant.

NFHS Rule 3, Sect. 3. Article 7: A player who is bleeding, has an open wound, has any amount of blood on his/her uniform, or has blood on his/her person, shall be directed to leave the game until the bleeding is stopped, the wound is covered, the uniform and/or body is appropriately cleaned, and/or the uniform is changed before returning to competition, unless a time-out is requested by, and granted to, his/her team and the situation can be corrected by the end of the time-out.

18. NHIAA SITE SELECTION CRITERIA POLICY:

NHIAA Sports Committees will make every effort to provide sites with the following criteria in mind.

In the event the home school fails to meet the criteria the other school will be contacted to determine if they can properly host the game. Should neither school satisfy the Committee requirements, the Committee will set out to find an appropriate neutral site. If it is determined that a school does not meet the criteria or cannot meet the criteria to host the game, the school has the right to appeal the decision to a sub-committee comprised of three members appointed by the Basketball Committee Chair prior to the start of the tournament events.
